TERMS OF ACCEPTANCE

When a person seeks chiropractic healthcare and we accept a person for such care, it is essential that both parties be working toward the same objective.

Chiropractic has only ONE objective. It is important that each patient understand both the objective and the method that will be used to obtain it. This will prevent any confusion or disappointment by either party.

- ADJUSTMENT: An adjustment is the specific application of forces to facilitate the body's correction of a vertebral subluxation. Our chiropractic method of correction is specific spinal adjustments.
- HEALTH: A state of optimal physical, mental and social well-being, not merely the absence of disease or infirmity.
- VERTEBRAL SUBLUXATION: A misalignment of one or more of the 24 vertebrae of the spinal column which causes alteration of nerve function and interference to the transmission of mental impulses from the brain. The result is a body that is not functioning at its full potential and cannot properly heal or maintain itself.

We do not offer to diagnose or treat any disease or condition. However, if during the course of a chiropractic spinal examination, we encounter non-chiropractic or unusual findings, we will inform you. If you desire advice, diagnosis or treatment for those findings, we will recommend that you seek the services of a healthcare provider who specializes in that field of healthcare. Regardless of what the disease or condition is called, we do not offer to treat it nor do we offer advice regarding any treatment prescribed by another healthcare provider. OUR ONLY OBJECTIVE is the location and correction of vertebral subluxation which results in the reduction of the expression of life in the body. Our ONLY method of treatment is specific spinal adjustments.

I, _____ have read and fully understand the above statements.
(print name)

All questions regarding the doctor's objectives pertaining to my care and my financial responsibilities for today and future office visits in this office have been answered to my complete satisfaction.

I therefore choose to receive chiropractic care at Nazareth Chiropractic on these terms.
